Testimonials

Book:

You have worked so hard in so many ways and overcome so many things, this is truly something to celebrate. . . It will be the beginning of many meaningful changes for your readers, also. You are going to make the world a better place one book at a time.

- *Paula Yocum, MI*

It has inspired me to be more conscientious of buying and spending correctly.

- *Sherry Leusby, MI*

Read all the book already. My favorite part was the chapter on gratitude, but I learned from all of it. It was very nice getting to meet you and talk with you.

Newsletter:

Thank you for your recent newsletter. I really enjoyed it especially the article about creating wealth and your take on the windmills creating energy - the green way. I've forwarded it to 5 of my friends with a personal note encouraging them to subscribe as you're such an innovative, talented, caring kinda gal!
