ONEgroup

Organic and Natural Enterprise Group is an Australian based company that creates and manufactures the world's first certified organic skincare, healthcare, hair care and personal care products.

ONEgroup's range of products stands in a class of its own by being independently certified to international food grade standards by one of the world's most respected organic certifying organizations, Australian Certified Organic.

Certified organic products not only promote organic farming, health and public awareness of environmental ethics, they also create a more sustainable supply chain.

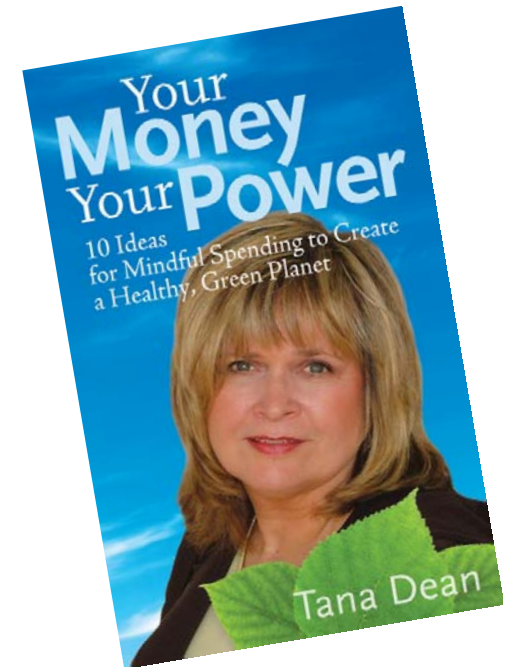

For a product to be certified organic, there are conditions from the grower all the way through transportation, processing and packaging, so that all stakeholders in this supply chain make a business of becoming more green. All suppliers must meet international organic standards.

You, Your Family and the Planet

A few years ago, Tana Dean had an idea, to create an online business for educating and connecting with people sharing her many years of experience as an entrepreneur, health advocate and vision of a more healthy, peaceful planet.

This idea has blossomed into writing a book, building an internet business and finding the world's first certified organic body care product line from Australia.

Now you have a daily resource to help you easily develop a green lifestyle. You, your family and the planet deserve a better, healthier and abundant life.

But, sometimes the amount of information is confusing and so overwhelming you are unsure of where to begin. Tana has taken her knowledge and personal experiences to develop resources and products for you that can be integrated into your daily life.

Visit her website, read the book and purchase environmentally healthy products for you and your household.

Our individual actions will affect future generations, your choices have the ability to create a healthy, more peaceful planet.

Your Money, Your Power: 10 Ideas for Mindful Spending to Create a Healthy, Green Planet

By recognizing and mindfully focusing our personal and financial power, each of us can contribute to building a peaceful, healthy world, one decision at a time.

This book gives you practical tools to start creating a life filled with greater possibilities. It shows you how practicing conscious positive decision-making as an informed consumer can help you purposefully make a difference in your life and the world. If you are interested in a healthy life and a healthy planet, creating prosperity and living abundantly, this book is a must have.

While doing research for her book, Tana kept coming in contact with ONEgroup and found their environmental values in sync with her own.

Delivering worldwide ONEgroup, in 2006 connected with [Greenfleet](#), a nonprofit organization that calculates their emissions and plants trees on their behalf, offsetting their freight emissions.

For the production facility they chose [GreenPower](#) to create ZERO emissions in their manufacturing.

Packaging integrity falls under the organic certification standards, no PVC, glass and plastic containers are recycled and in 2003 they began using biodegradable packaging made from corn & potatoes.

Their corporate culture continually seeks to expand offsetting carbon emissions in their daily office activities, events and promotional tours.
